“A day without laughter is a day wasted.”

Charlie Chaplin

Humour and laughter are very important part of our lives. A good laugh can make us forget our worries and give our best. Reading a funny poem is a great way to add humour to our learning. So, enjoy reading the poem given below and do the activities based on it on A4 size sheets.

Be Glad Your Nose is on Your Face

By Jack Prelutsky

Be glad your nose is on
your face, not pasted on
some other place, for if
it were where it is not,
you might dislike your nose a lot.

Imagine if your precious nose
were sandwiched in
between your toes, that
clearly would not be a treat,
for you'd be forced to smell your feet.

Your nose would be a
source of dread were it
attached atop your head,
it soon would drive you
to despair, forever
tickled by your hair.

Within your ear, your
nose would be an absolute
catastrophe,
for when you were obliged to
sneeze, your brain would
rattle from the breeze.

Your nose, instead, through
thick and thin, remains between
your eyes and chin,
not pasted on some
other place— be glad
your nose is on your
face!
