## **HOLIDAY HOMEWORK (2021-22)**

**Class – 5**

### **A. Languages**

#### **1. English**

**“A day without laughter is a day wasted.”**

**Charlie Chaplin**

**Humour and laughter are very important part of our lives. A good laugh can make us forget our worries and give our best. Reading a funny poem is a great way to add humour to our learning. So, enjoy reading the poem given below and do the activities based on it on A4 size sheets.**

A Bad Case of the Giggles

I found a book of poems.

I brought the book to school.

And every time I look at it

I giggle like a fool.

Today in social studies

I opened up the book.

I started giggling right away

from just a single look.

I'm croaking like a bullfrog.

I'm braying like a mule.

These aren't sounds you're supposed to make

While studying at school.

The more I try to stop it,

The louder that I howl.

I'm squawking like a parrot,

And hooting like an owl.

I'm making a commotion;

the teacher is upset.

I'm losing my position here

As teacher's favorite pet!

My giggling is contagious;

My friends have all joined in.

The teacher's getting angry.

We're making quite a din.

The whole darned class is giggling.

Not one of us can stop.

The teacher says that if we can't

he'll call the hallway cop.

The room next door has heard us.  
And now they're giggling too.  
The sound of giggling travels fast.  
The school sounds like a zoo.

And now the teacher's giving up.

He cannot teach today.

The principal's declaring it

A giggling holiday.

### **Activities:**

- 1) Illustrate the poem through a colourful drawing using your own imagination.
- 2) Figure of Speech: Simile  
Simile is a figure of speech that compares two different things in an interesting way. For example: Her eyes **shone like diamonds**. The aeroplane **soared like an eagle**.  
Refer to the poem 'A Bad Case of Giggles' and mark the similes in the poem. For example: I am braying like a mule, I giggle like a fool.....
  - Read more such poems and make a list of 10 similes from them.
- 3) Creative Writing  
Which part of the poem was the funniest according to you? Give reasons (60-80 words)

## **2. Hindi**

किन्ही पाँच देशों की वेशभूषा का चित्र बनाइए व रंग भरिए ।

(कार्य हिंदी नोट बुक में कीजिए )

### 3. Marathi

पश्यांना दाणे व पाणी ठेवण्यासाठी घरातील टाकाऊ वस्तूपासून डब्बा बनवा .

### 4. Sanskrit

संस्कृत वर्ण मालायाः चार्ट निर्माणं ( एक चार्ट पेपर पर संस्कृत वर्णमाला सचित्र लिखे )

## B. Mathematics

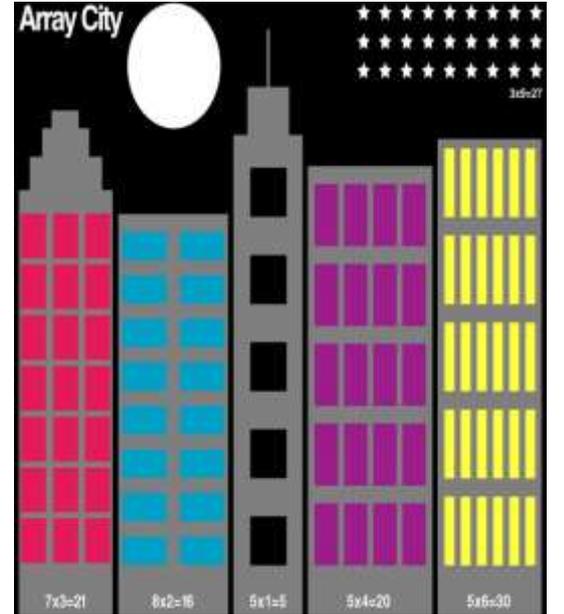

### MULTIPLICATION CITY OR ARRAY CITY

Create a Multiplication City using **any 5** of the given factor combinations. This is also called an Array City. You may draw and colour your city or create it using paper cut outs to make it look colourful.

$$2 \times 8 = 16 \quad 3 \times 6 = 18 \quad 3 \times 3 = 9 \quad 5 \times 5 = 25$$

$$4 \times 7 = 28 \quad 3 \times 4 = 12 \quad (\text{Choose any five})$$

An example of an Array City is given below for reference.

## INSTRUCTIONS

- The activity must be done on an **A 4 size** sheet and uploaded in the Maths google classroom.
- Upload it in the folder (Activity- Holiday Home Work – **ARRAY CITY**)
- Use the given link to complete the activity  
[https://www.youtube.com/watch?v=Z9HIXiKsRtA&ab\\_channel=Mathemativity](https://www.youtube.com/watch?v=Z9HIXiKsRtA&ab_channel=Mathemativity)

## C. Science

Dear students

Kindly collect different types of seeds from your kitchen, put them in small plastic covers and paste them on  $\frac{1}{4}$  chart paper under the categories mentioned below along with their names.

1. **CEREALS** like rice, wheat and corn.
2. **PULSES** like peas, grams and lentils.
3. **OIL GIVING SEEDS** like mustard, sunflower, sesame and peanuts.
4. **SEEDS THAT FLAVOR OUR FOOD** like coriander, pepper, cumin etc.

**OR**

Perform the enrichment activity on plants that shows that Shoots of plants grow towards sunlight (Phototropism) and roots grow towards the gravity (Geotropism). Refer to page no 37 of the text book

**OR**

**GROW YOUR OWN KITCHEN GARDEN** using the different methods of propagation you studied.

Try growing any three plants of your choice potato/ginger, coriander/mint, tomato /chilly plants

- Kindly note: After completion click a **photograph** and post it on the science google class room

**Happy Learning.....Stay home, Stay safe**

## D. Social Studies

**Choose any one of the following:**

Your classmate wants to come to your house. Give him/her a sketch to reach your home from school. Mention few land marks they could look out for.

**Use appropriate symbols to show that.**

**OR**

Gerardus Mercator was a 16th-century geographer, cosmographer and cartographer from the Country of Flanders. With the help of an internet find out information about his life history and achievements. Support your project with colorful pictures and relevant information.

The project should be done in a file form. Use A4 size paper. The paper should not exceed more than 10 pages or can make a PPT

**Kindly Note:** Complete the homework using A4 size sheet, giving a good presentation.

Happy Learning

Stay Home, Stay Safe

## E. Computer

Create a model of any type of ABACUS using clay, beads or best out of waste materials available like cardboard, colour paper etc

Click a picture of the model and upload it in Google classroom under holiday homework.

## F. Art

- ❖ Let us Learn to make a beautiful woollen landscape

- ❖ We will need a A4 Size waste Corrugated Sheet or Cardboard Sheet, Scissor, Fevicol, Woollen Threads- Green, Brown, Light Blue, Yellow.
- ❖ Students can create their own scenery according to the availability of threads.
- ❖ Parents to kindly assist the students
- ❖ Kindly follow the link for better understanding of the topic.
