### Inclusive Education in School

The ideology of Inclusion in education is based on the belief that every child can learn and realise their full potential if provided equal opportunities to participate in school, supported with resources required as per his/her condition and taught in a manner appropriate to his/her needs.

We at Bal Bharati Public School ,Navi Mumbai believe in accepting, understanding and attending to every student with love and care that they deserve. The school provides equal opportunities to children with disabilities.

Every effort is made so that diverse learners – those with disabilities, different languages and cultures, different homes and family lives, different interests and ways of learning are included in the mainstream. Equipped with the right infrastructure and the right resource persons like Special Educators and the Counsellors, we aim to provide support at the right time. Thus making them self confident and self reliant individuals, and eliminating all forms of discrimination in the learning process.

*“Inclusion is a sense of belonging: feeling respected, valued for who you are; feeling a level of supportive energy and commitment from others so that you can do your best work.” (Miller and Katz)*
