My son got enrolled at this school when he was in V grade, now he is in IX grade. Had a very good experience with them when we sought an admission for our son in middle of an academic year (month of August). All that we did was - wrote an email humbly requesting admission for our ward. We shared our situation (moving back to Kharghar from out of state), the academic & professional backgrounds of me and my wife, and that of my V grader son. And that was it!! No questions asked, no money demanded....Amazing experience!

It's an excellent school. I have spent my whole school life here. It is one of the best school in Navi Mumbai. The school has best facilities. Teachers are very helpful and kind. There are many sports facilities too, if one uses it, one can excel in sports. It's an ideal campus to study.

Amazing school. Spent my entire school life here starting from nursery to grade-12 (2004-2019). This school taught me so many things which I would never forget throughout my life. The teachers are really kind and helpful. The management has done everything possible to improve the infrastructure and the standard of education. The school encourages students to participate in extra-curricular activities apart from studies and has facilities for indoor and outdoor sports as well. There are coaches for different sports and teachers for different subjects. The school excels in giving individual attention to everybody. Also, it does its best to guide and mentor those students who are unable to cope up with studies and guide them in the correct direction. I should also appreciate the school's efforts in keeping havans for our success in board exams, workshops for providing worthy knowledge, competitions, field trips and picnics. All in all, it's a really good choice for a CBSE school in Navi Mumbai.

We came to know about school during this pandemic because my daughter is in Bal Bharati and Son is in Vibgyor. The way Bal Bharati teachers were trying to teach remotely for such a pre-primary student. Really Awesome. Heads up to the teacher for taking lot of pain in virtual class. Thanks to all the teacher and Principal.

It is one of the best schools in kharghar... Teachers/coaches are best in academic as well extra curricular activities... Also there is good coordination between class teacher with parents which helps in childs overall growth..Yearly annual day is also much appreciated...
