

Bal Bharati Public School Navi Mumbai

Testimonials

Dr. Surubhi Siddhartha
(Parent of Shashwat Siddhartha)

Bal Bharati School is a school which takes care of the complete and holistic development of a child. My son Shashwat has been studying in the school since LKG and we have been fortunate to see his journey of self-exploration and achievements in different skills like music (keyboard), sports (football), voracious reading, debates, and elocutions along with academics to get to the next level over the period of time. Bal Bharati as an institution with experienced faculty that has provided him guidance and platform to develop himself in an all-round, positive personality with a confident look towards the future.

Mrs. Rupa Banerjee
(Parent of Shreya Banerjee)

My daughter Shreya Banerjee has been studying at Bal Bharati Public School, Navi Mumbai, right from Mont 2. Like every parent we wanted the very best for our daughter and good education for her was our topmost priority. When we shifted to Navi Mumbai from Delhi, our daughter was already studying in one of the best schools of Delhi and we wanted to choose the very best in Navi Mumbai too.

Since we decided to live at CBD Belapur, we approached a few schools in the vicinity. Since Bal Bharati is in Kharghar and little far as compared to the schools nearby Belapur, it was the last school that we approached, but then it became our first choice for our child. The school was so welcoming and my daughter got attached to her school from the very first day.

Can't thank god enough for that day and choosing Bal Bharati for her! My daughter has turned into a fine human being. The quality of education, the dedication of teachers and the way the school shapes the overall personality of a child is exemplary.

This year, she passed her class XII board examinations with flying colours and also cleared NEET with a good score. All thanks to her dedicated Teachers, the Headmistresses, Vice Principal and Principal Madam as well as the non-teaching staff.

We will be indebted towards the school and thanks is a very small word for all the efforts that the school has put in to nurture my daughter for all these 13 years and mould her into a confident, compassionate and humble person who is now ready to face the world.

Thanks and regards to all the members of Bal Bharati Public School.
