Project – Community Helpers (Role Play)

Date: 12.09.2023

Class: 1 & 2

Community helpers are part of children's everyday lives. Community helpers together create a community.

Objective:

The objective of the activity was to sensitise students to various professions, gain knowledge about their work and inculcate the value of respect towards them.

Activity:

To create awareness about the role of helpers in our day-to-day life, a Role Play Activity was organized on 12.09.2023.

The students performed role play with great enthusiasm and they were dressed up as community helpers like doctor, policeman, postman, baker, chef, teacher etc. They enacted the role of different community helpers and spoke few sentences about them with realistic props along with appropriate expression. They displayed immense self-confidence while narrating and enacting. They were overjoyed and thrilled to see themselves in different attire and this activity helped to instill in them respect for all professions and learn to value them better.
