- \* The programme included a series of activities designed to promote hands-on learning and encourage sustainable practices.

Activity 1: Reuse Plastic to Make Decorative Pots

Date: 28.06.2023

Class: 6 & 7

In charge: Social Science Department

The activity focused on promoting environmental awareness and the concept of recycling. Students were required to bring used plastic bottles and creatively transform them into decorative pots. This activity not only enhanced their artistic skills but also instilled a sense of responsibility towards the environment by promoting waste reduction and go green.
