

Bal Bharati Public School, Navi Mumbai
Circular for Nursery to class 2
Date: 09.10.23

Dear Parent,

As per the guidelines of NEP 2020, there should be a stimulating and inclusive learning environment for all the students in school. Such conducive environment that supports every student's participation is essential for student's holistic development, particularly in Foundational stage (classes Nursery to 2).

In order to get the maximum talent and to identify their potentials, we have made certain changes in our Bal Sabha activities and competitions.

- There will not be any competitions from classes Nursery to 2.
- There will be 100% participation by students in all Bal Sabha Activities (Nursery to PP) and all activities of classes 1 and 2.
- The activities will be conducted without any screening and judgement.
- No positions will be announced after the activity so that all of them get motivated to take part in all future activities.
- The performance will be observed by the class teacher and appreciated in the progress card.

We look forward for your cooperation in this regard.

Ms. Kalpana Dwivedi
Principal
BBPSNM
