Project Name: Theme based Photography

Subject: Mass Media Studies (Class 12)

Title: Report on Theme based Photography Project

The theme-based photography project was done by the Mass Media students of class 12 to explore the art of photography. By selecting specific themes, they sought to tell compelling visual stories, evoke emotions, and showcase the diverse skills of photography. Artistic exploration, Storytelling through imagery and skill development were few of the objectives achieved in doing the project.

The project not only achieved its artistic and technical objectives but also fostered a sense of inclusivity among group members.
