- **Remarks if any:** Without correct pronunciation, the vocabulary we know will be less effective when we communicate with each other, it is always good to know fewer words and pronounce them well than to have a dictionary of words without knowing their correct pronunciation.
- Making the students write and decorate a thank you note to express appreciation and gratitude towards the others. This stimulates **students' imaginative power**.
- Encourages students to read age-appropriate storybooks, articles, or news reports etc. This activity improves their reading skills and comprehension abilities.
