EARTH DAY ACTIVITY
TOPIC: Planet VS Plastics

CLASSES: 4 & 5

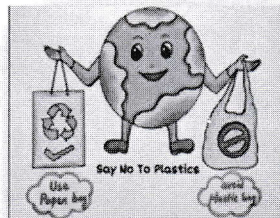

DATE: 22.04.2024, Monday

Venue: Classroom

“The miracle is not to fly in the air or to walk on water, but to walk on the earth.” —Chinese proverb

Keeping the above topic in mind an activity of poster making was conducted on **22nd April 2024**, on account of Earth Day to bring out hidden creativity in children. The children enjoyed and showed their enthusiasm while doing the activity. **No Plastic** drives have become a strong way to teach students about the environment and make them feel responsible for it. Say “**No to plastic**” connects students with nature and shows them that their hard work makes a difference in the world.

By the end of the activity, they learned the importance of earth in their daily lives. Which contributes to save the earth and Students learned how they can be more careful for natural resources in future.
