Movie- Guardians of the Galaxy Vol 3.

1 INT. A STRANGE SPACESHIP (FLASHBACK) 1

BABY RACoon (ROCKET)

Baby ROCKET sits alone in a cage shivering wiry and lost as the camera zooms in on his face. The background noise consuming the silence.

"IM SO ALONE AND SCARED."

CUT TO PRESENT TENSE:

2 THE GUARDIAN'S SPACESHIP ON A STRANGE NEW PLANET: NIGHT TIME 2 (PRESENT TIME) 2

ROCKET

THE CAMERA ZOOMS OUT FROM HIS FACE

Rocket is sitting on top of a box on their spaceship with music blasting in his headphone which can be heard (song- "CREEP" BY RADIOHEAD). The racoon was remembering his old days as a baby when he was confined to be a part of some experimentation.

In the background we hear the rest of the group to be playing some kind of a game shouting and exclaiming loudly. They are playing a game of throwing stones.

CUT TO:

3 EXT. THE PLAYGROUND 3

KRAGLIN

Telekinesis (Cosmo) (telekinetic dog) is cheating! That is a little pebble, I could do that with my finger. You're a bad dog.

COSMO

(Grunts and whines towards Kraglin)
Take that back, you cannot say that to me.

KRAGLIN

No I will not. You are a bad dog.

COSMO

(Grunts) That is not cool, take it back. Nebula did you hear him, he called me a bad dog and isn't taking it back.

(camera faces nebula)

NEBULA

(sitting on a box looking at the game) I don't care Cosmo.

(the dog whines and sits down looking sad.)

(mantis enters the frame.)

MANTIS

Is peter okay? (worried expression towards nebula)

NEBULA

I don't know haven't seen him. But I don't think he is.

MANTIS

Well, what are you going to do about it?

NEBULA

Me? He's your brother, you go talk to him.

MANTIS

I tried but he won't talk at all, in fact he avoids her topic all together. He's been pretty bummed since Gamora died.

NEBULA

She's not dead, she just doesn't remember anything from the past few years.

(A sudden noise comes from inside continued with screaming. Everyone rushes inside)

CUT TO:

4 INT. SPACESHIP LOBBY

4

(Rocket is on the ground
trying to find a huge
alien like creature)

DRAX

Quick, separate them.
(the alien is pulled
away, only to show a very
wounded rocket on the
verge of dying)

NEBULA

GET HIM ON THE TABLE NOW!

(Rocket is placed on the
table and connected to
several medical
instruments.)

MANTIS

We can't operate on him.

DRAX

What do you mean? Why not?

MANTIS

Because he has a kill switch so
anything we do in order to save him
we actually end up killing him.

NEBULA

A kill switch? why would rocket
have a kill switch?

(The camera zooms inside
rockets eyes as the close
and cuts to flashback: a
few years ago)
