

**Celebrating World Book and Copyright Day 2025**

On April 23, 2025, our school celebrated World Book and Copyright Day, in the spirit of UNESCO's theme, "*The role of literature in achieving the Sustainable Development Goals (SDGs)*". The day began with a special assembly where students were given the opportunity to highlight the significance of reading and the importance of copyright laws in protecting intellectual property.

The students, teachers and staff enthusiastically participated in the school-wide DEAR (Drop Everything and Read) activity

The school set up various avenues/activities for students to celebrate the joy of reading and literature:

- **Shakespearean Role Play:** Students performed scenes from Shakespeare's works, bringing classic literature to life.
- **Language Exploration:** Participants had fun using and learning Shakespearean language, enhancing linguistic skills.
- **Book Review Writing:** Students penned reviews of their favourite books, promoting critical thinking and articulation.
- **Book Recommendation Posters:** Creative posters were designed for their favourite books to prompt peers to read the book.
- **Book Jacket Design:** Students designed new covers for existing books because sometimes we do judge books by their covers, and who better to design a cover than a fan.
- **Book-Inspired Art:** Students also worked on artworks inspired by book themes.

These activities not only celebrated the joy of reading but also underscored literature's role in promoting education, cultural understanding, and sustainable development.
